1. Listen to the rhythm of the falling rain, Telling me just what a fool I've been.
I wish that it would go and let me cry in vain, And let me be alone again.

2. The only girl I care about has gone away, Looking for a brand new start.
But little does she know, that when she left that day, Along with her she took my heart.

BRIDGE 1

Rain please tell me now does that seem fair,
For her to steal my heart away when she don't care.
I can't love another when my heart's somewhere far away.

2. The only girl I care about has gone away, Looking for a brand new start.
But little does she know, that when she left that day, Along with her she took my heart.

Rain in her heart and let the love we knew start to grow.

1. On the first part of the journey, I was lookin' at all the life
There were plants and birds and rocks and things, There were sand and hills and rings
The first thing I met was a fly with no buzz, and the sky with no clouds
The heat was hot and the ground was dry, but the air was full of sound.

CHORUS

I've been through the desert on a horse with no name
It felt good to be out of the rain, In the desert you can remember your name
'Cause there ain't no one for to give you no pain.
La la La la la la la, La la la la la.

2. After two days in the desert sun, my skin began to turn red.
After three days in the desert fun, I was looking at a river bed.
And the story it told of a river that flowed, made me sad to think it was dead.

CHORUS

I've been through the desert on a horse with no name.
It felt good to be out of the rain. In the desert you can remember your name,
'Cause there ain't no one for to give you no pain.
La la La la la la la, La la la la la.

3. After nine days I let the horse run free, 'cause the desert had turned to sea.
There were plants and birds and rocks and things, There were sand and hills and rings.
The ocean is a desert with its life underground, and the perfect disguise above.
Under the cities lies a heart made of ground, but the humans will give no love.

CHORUS

You see I've been through the desert on a horse with no name. D6/9

1. It seems like yesterday, But it was long ago.
Janey was lovely; she was the queen of my nights,
There in the darkness with the radio, playing low and....

2. The secrets that we shared, The mountains that we moved.
Caught like wildfire out of control,
'Til there was nothing left to burn and nothing left to prove.

PRECHORUS 1

And I remember what she said to me,
how she swore that it never would end.
I remember how she held me, oh so tight.
Wish I didn't know now what I didn't know then.

CHORUS

Against the wind, we were running against the wind.
We were young and strong, we were running against the wind.

3. And the years rolled slowly past.
And I found myself alone.
Surrounded by strangers I thought were my friends,
I found myself further and further from my home.

4. And I guess I lost my way.
There were oh, so many roads.
I was living to run, and running to live.
Never worrying about paying, or even how much I owed.
